

RAM 200

DRUM LID LIFTER

Sagola presents the Pneumatic Lift Pilot, designed to lift the lids of 200-liter drums it markets, facilitating drum changes.

Having a pneumatic mechanism greatly simplifies the task of lifting the lid along with all possible accessories (pumps, stirrers...), which together can be quite heavy.

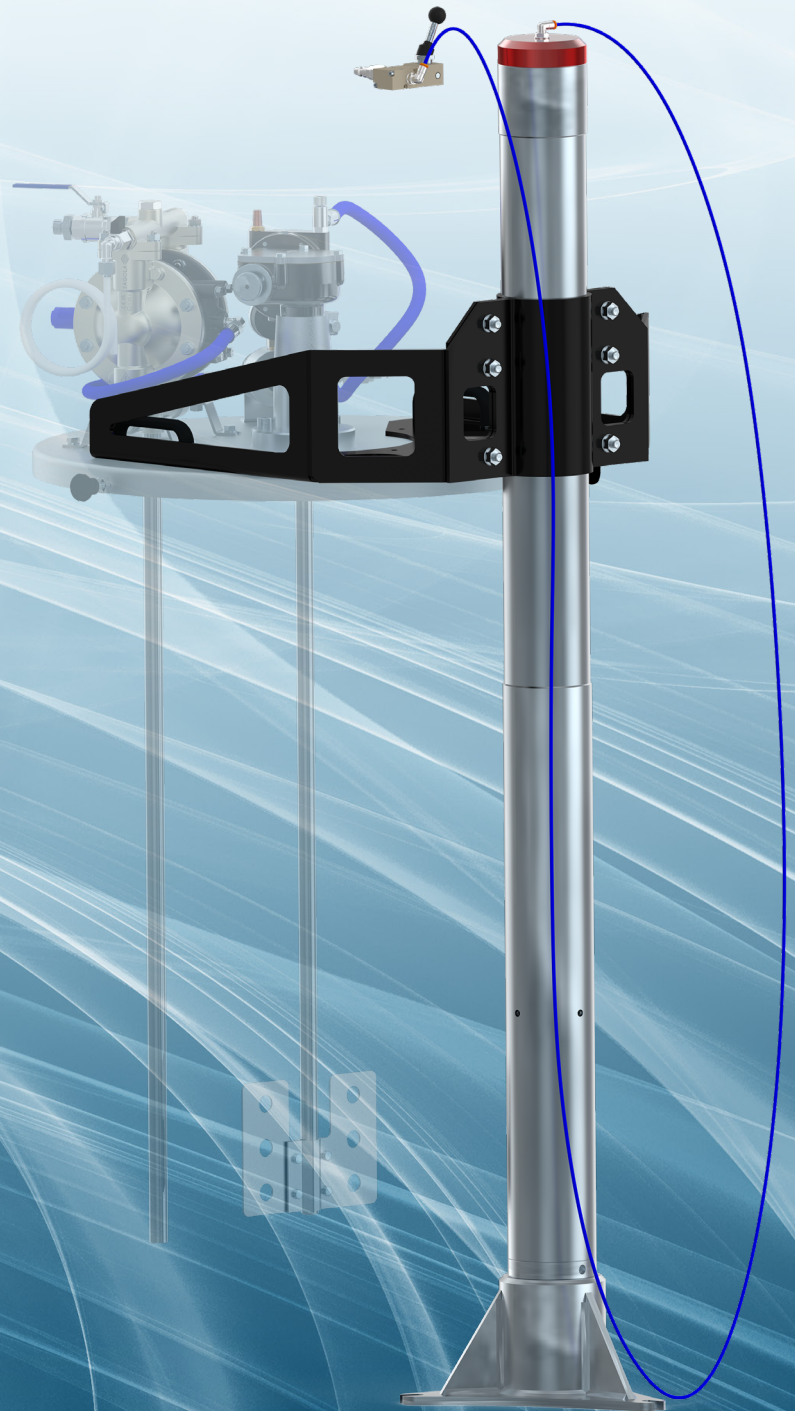

Performing this task manually can introduce risks and difficulties that are eliminated by using this lift.

It consists of a single-acting pneumatic cylinder, operated by a manually actuated pneumatic valve.

It features a robust steel body and support, with high-quality components. The base is supported by M12 bolts for stability and firmness.

This equipment is intended solely for professional use.

Sales reference: 130 100 00

Compressed air inlet

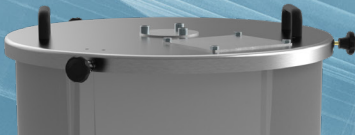

Manual Action Valve

TECHNICAL SPECIFICATIONS

Dimensions	1,556 x 520 x 646 mm.
Maximum height (raised position)	2,506 mm.
Piston stroke	950 mm.
Maximum lifting load	45 Kg.
Air inlet	Swivel coupling for Ø4 mm. tube
Manual pneumatic valve	Manual operation. 3-way, 2 positions
Operating pressure (air inlet)	4 bar
Lift time (at 4 bar)	Approx. 12 seconds
Lowering time	Approx. 50 seconds (Decompression + lowering)
Lubricant	SAE 20
Base anchoring to the ground	3 M12 screws
Materials	Aluminum, Steel, Polyamide, and NBR

LIDS FOR 200-LITER DRUMS

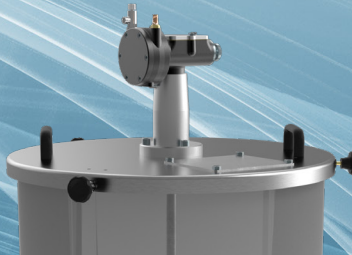

Code 309 903 54

Lid for drum

Kit for 200-liter drum lid with grip handles and securing levers.

Code 309 903 59

Lid for drum + Rotary Mixer

Lid kit that includes a Sagola 464 rotary mixer.

Code 309 903 58

Lid for drum + DM Pump + Air inlet regulator

Lid kit including a DM pneumatic pump and a high precision air inlet regulator.

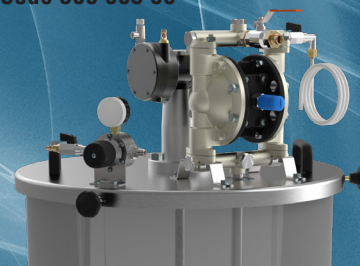

Code 309 903 57

Lid for drum + TB 270 X Pump + Air inlet regulator

Lid kit including a Sagola TB270X piston pump and a high precision air inlet regulator.

Code 309 903 56

Lid for drum + DM Pump + Rotary Mixer + Air inlet regulator

Lid kit including a Sagola DM 400 pneumatic pump, Sagola 464 rotary mixer and a high-precision air inlet regulator.

Code 309 903 55

Lid for drum + Bomba TB 270 X + Rotary Mixer + Air inlet regulator

Lid kit including a Sagola TB270X piston pump, Sagola 464 rotary mixer and a high precision air inlet regulator.
